

## **Knæktappe I paneliserede printplader:**

De følgende sider beskriver Print Production's standard måder at hæfte printplader til udførte leveringspaneler.

De viste knæktappe er de mest anvendte, men andre metoder kan bruges hvis de beskrives af kunden.

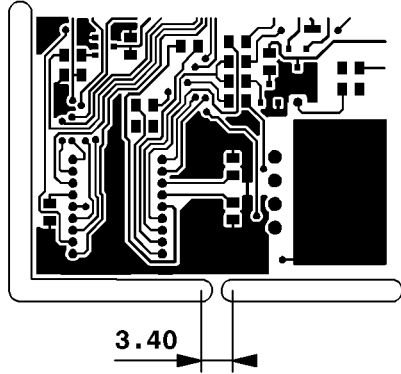

Hvis placeringen af og antallet af knæktappe er vigtig, skal der leveres en udførlig tegning sammen med de øvrige produktionsdata.

Kontakt vores CAM afdeling for yderligere information og rådgivning.
